ABOUT AND OBJECTIVES

The Poster Presentation Competition is an academic platform designed to provide **students, researchers** and **young innovators** with an opportunity to showcase their research, innovative ideas and technological solutions through an engaging visual presentation. The competition encourages participants to communicate their work effectively while engaging with researchers, academics, professionals and fellow participants.

Objectives

- Encourage research, innovation and creative problem-solving.
- Provide a platform for presenting emerging ideas and research findings.
- Develop participants' scientific and technical communication skills.
- Promote interdisciplinary knowledge exchange and collaboration.

WHO CAN PARTICIPATE?

Eligibility

- The competition is open to **Undergraduate**, Graduate and **Researcher** who is interested.

Participation Format:

- Posters should be presented as a team of three members. Each submission must identify all contributors and their respective institutional affiliations.

Registration:

- Participants must complete the official registration process. Submission of a poster does not automatically guarantee participation in the final competition, it requires competition's screening and selection process.

POSTER & PRESENTATION GUIDELINE

Each team will be allotted a total of **5 minutes**, including **3 minutes** for the primary presentation and **2 minutes for the Q&A session**. All three team members are required to actively participate and complete the presentation within the allotted time.

Following the presentation, the judges will conduct a **2-minute Q&A session**, focusing on the team's project, concept, methodology, feasibility and proposed solution.
